What's Next?

We need to know a little bit more about you and your bridal party.

- What is the date and time of your wedding?
- Where is your wedding?
- How many are in your bridal party?
- Do you have any flower girls or younger bridesmaids?
- Where is your venue/ place of preparations?

Once we know this, we are able to provide a guide quote using our pricing within this enquiry pack.

We offer a free Wedding hair consultation for you as the Bride. We will invite you into the salon, we can go through the above details and discuss your requirements in further detail. This is where your stylist will give you a bespoke quote.

From here, if you are happy we will secure your date in our schedule with a non-refundable deposit.

It is then time to book in for your bridal trial.

A non-refundable deposit is required to secure your 2 hour bridal hair trial.

Preparing for your trial

We recommend having your wedding hair trial 8-12 weeks before your big day. This ensures your hair is a similar length and thickness to what it will be on your wedding day.

The beauty of booking your bridal hair with our Locks & Shades bridal team is that all of our stylists are able to also offer all aspects of hairdressing and a variation of hair extension services too!

Why not book in for a colour consultation alongside your wedding hair consultation to discuss your dream hair colour too.

At your trial, timings will be discussed with you to ensure you are ready for your final moments as a Miss.

What to anticipate after your trial

After your trial, you will leave the salon feeling excited for your final look to be recreated on your wedding day. We always invite you to contact us should there be any amendments to your bridal party or if you have any questions before your big day.

A final invoice will be sent to you 5 weeks before your wedding day in readiness for payment 4 weeks before. Your deposit will be deducted from your final balance.

Frequently Asked Questions

- How far in advance do i need to secure my wedding date with your team?

Some brides are booking for 1-2 years ahead. If you have a popular summer date or December date, then we highly recommend securing your date with one of our bridal team as soon as possible.

- Do you offer hair extensions if I need them?

Yes, all of our bridal team are qualified hairstylists and can offer hair extensions, colours and cuts to compliment your wedding hair.

- Can I bring someone with me to my consultation and trial? Absolutely! It is always great for you to have a second opinion.

- How do I know what will suit me?

We can help you! We will discuss your neckline of your dress, your preferences, your theme if you have one, plus any other requirements you may have. Together we can come up with your dream hairstyle.

- Can I add extra people to my booking last minute?
We would need 5 weeks notice of any extra guests for hair styling. This is to allow for your final invoice to be adjusted, and allow for timings to be amended. Any notice later than this may result in us being unable to fulfil the extra guest request.

- Is there a minimum or maximum amount of people in the bridal party that you can accommodate for?
No bridal party size is too big or small. We have a team of bridal hair stylists, plus we have further stylists and apprentices who can also assist us.

- Is it just the bride who has a trial?
We recommend that the bride always has a trial, and with the details you provide we can work with your bridal party on the day. If you do have a member of your bridal party who is very particular or anxious then we are always happy to accommodate a trial for them too.
